RTS RS232 Splitter

One to four, RS232 distribution box - Now with USB and RS422 option

RS232 splitter for distribution of sensor signal to multiple computers. Simplifies setups and make a well arranged interconnection between computers and sensors. No more unpredictable RS232 signals caused by serial ports connected in parallel. A special duplex output connector, CH1/CH2, makes it easy to do sensor configurations without any bypasses or disconnections.

Specifications

Product	RTS RS232 Splitter
Country of origin	Norway
Manufacturer	Rental Technology & Services AS

Main features

- RS422 to RS232/USB converter
- RS232 to USB converter
- Baudrate up to 230 kbps
- Duplex port
- ESD protected inputs
- 1000V magnetic isolation
- Small size

Technical specifications

Power	5V DC Supply or USB
Dimensions	169mm x 44mm x 83mm

Connections

Input	1 x RS232 or RS422 / 9 pin D-Sub
Output	4 x RS232 / 9 pin D-Sub 1 x USB (Distribute only Rx and TX)

Environmental

Operating temperature	0 to +55°C
Weight	0,4 kg
Housing	Anodized Aluminium
